Maurice Summerson

Business experience

Maurice Summerson's early career was in chartered engineering from where he moved into accountancy and then on to a variety of operational chief executive and related executive roles. Maurice delivers a well honed, enthusiastic, adaptive style of high performance coaching, suitable to the broadest range of companies.

Maurice has a depth of HR, manufacturing, financial, marketing, R & D, sales and brand experience across fast moving sectors including automotive supply chains, leisure, FMCG; food and retail marketplaces in the UK and internationally. He has achieved profitable growth results in blue chip and smaller SME/private organisations including start ups, JVs, mergers/acquisitions and exits for major financial institutions.

Currently Maurice delivers executive coaching and mentoring, is a chairman and non-executive director and is involved in philanthropy and adventure motorcycling around the world.

Maurice was selected to join the small team of IoD executive coaches and mentors in 2002. He brings a broad understanding of global business issues, environments and cultures to his work.
